Hopkins Nominated.
The present incumbent Frank Hopkins gained the Democratic nomination at Pikeville last week after a hot time in the convention between the other candidates. He organized the convention which through the action of the committee on credentials took a great deal of Byrd's strength in contest away from him. At one time Davis, of Morgan county had more votes than necessary to nominate and then the landslide came which gave the plum to Hopkins.

Democrats everywhere can heartily support Mr. Hopkins, and it is thought by many that the Republicans will give him no opposition.

Lexington's Population.

Lexington can now boast of being the second city in size in the State, having a population of 50,000 or more, as the ordinance recently passed by the general council to annex all of the outlying territory for a half mile, has become a law.

Wait for Dr. O. W. McIntire, dentist, to doctor your teeth. At Clay City all the week of August 20th. Don't forget the date.

Soldiers' Reunion.

Plans are on foot to have a reunion of the Company of Soldiers of the Civil war which was organized in this city August 6, 1861. Captain George M. Jackson, who was here a few days a short while since, and A. J. Tharp, of Winston, are leaders of the movement. The company referred to was organized at the Oak Spring in this city and was composed of Powell boys, with Geo. M. Jackson, Captain and I. N. Jacobs Lieutenant. The company belonged to the 14th Kentucky and saw a great deal of active service.

Coming Back to Kentucky.

With over two thousand miles of rough country ahead of him, which he intends to travel with a light two-horse wagon, T. M. Adams, of San Francisco, arrived in Reno, Nev., the other day, accompanied by his blind daughter and invalid wife and son, says an exchange. Without funds and with only enough clothing to cover them, the little party is slowly traveling overland to their old Kentucky home.

Adams family was one of those that lost their all in the earthquake and fire in San Francisco. He was engaged in a spice and extract manufacturing business on the coast and was prospering when the earthquake and fire came.

Chances to Get Places.

Kentuckians will have plenty of chances to secure places under the government if they desire to do so. This summer there will be held in Louisville, Lexington and Paducah a large number of civil service examinations to secure eligible lists from which a number of positions of more or less importance can be filled. The dates of these examinations, the positions to be competed for and the compensation carried by an appointment are as follows: August 8, veterinary inspector, \$1,200 per annum; August 22, tracer Panama Canal Commission \$83 33 to \$100 per month; August 22, Engineer, Bureau of Science, Philippine service, \$1,800 per annum; fish culturist, \$600 to \$720 per annum; August 15-16, architectural draftsman, Philippine service, \$1,800; same dates, farmer with knowledge of irrigation, Indian service, \$720; August 8-9, architectural and structural steel draftsman, \$100 a month; same dates, surveyor, Philippine service \$1,400 per annum; August 8, railway mail clerk, \$800.

Fair Catalog issued.

Catalogs for the Big Bluegrass Fair, which will be held at Lexington the week of September 17 are issued this week. All who desire a copy can secure same by writing to Secretary Bain at Lexington. The catalog is very complete. It shows the divisions of the various classifications, the directors in charge of the several departments, and sets forth fully the manner in which the \$20,000 of premium money will be divided. Ample provisions are made for every class of live stock, for farm products in which Kentuckians are interested, for

City Without Loafers.

Henderson is one city in Kentucky that is almost without a loafer or lounging. About six weeks ago her Chief of Police gave orders that every habitual lounging and every person found without money or employment, whether such person be hobo or resident, should be locked up.

THE WORLD LOOKS PLEASANT

to the young man woman who has
A Savings Account

because in case of sickness and other emergencies they have something to fall back on. Have you a savings account? If not don't put off opening one any longer. You can start an account with ONE DOLLAR and it may be the beginning of the building up of a large fortune as this is the way most of our wealthiest men began the accumulation of their money.

We pay 3 per cent. interest compounded every six months on Savings Accounts. Call or write for booklet giving rules governing our Savings Accounts.

Clay City National Bank.

Hundreds of men have been hustled out of town by the police, and some of them who have never been known to work have secured employment and are making an honest living, so says an exchange.

The City Council was in regular session last night and aside from the regular transaction of business, an order was made to keep closed on Sunday all business houses including ice cream parlors, confectioneries and etc. There is an ordinance to this effect, but it has not been rigidly enforced of late. The opening of the school was set to begin Monday September 3rd.

As the country becomes more wealthy and refined, more attention is paid to the exterior of things. The farmer who markets his products to private customers should understand that the general appearance of himself and outfit will have considerable influence on his success as a salesman. He should be neatly dressed and his horse well groomed. His wagon should be clean and well painted, and the harness oiled and blackened and kept in repair.

Am prepared to do custom grinding every day during the week. Men guaranteed to be first class. Bring your turn and give me a trial.

G. W. Anderson,
Clay City, Ky.

Mileage Books Lost.

Two Editorial mileage books of the L. & E. Railway were lost on the public road between Clay City and Stanton last Saturday. The books were issued to the publisher of this paper to whom they should be returned to receive reward.

We have a lot of the best paint in the world which we will sell cheap. If you buy \$5.00 worth we will sell it to you at cost.

SPOUT SPRING.

Mr. and Mrs. W. J. Barnett visited relatives in Clay City Tuesday and Wednesday.

J. H. Dawson has bought a bunch of nice hogs from various parties at six cents per pound.

Mrs. Berry Barnett is confined to her room with a severe attack of fever with no noted improvement.

Mr. and Mrs. Allen Osborne, of near Winchester, visited relatives at this place a few days last week.

Berry Barnett has bought a boundary of timber from his brother, W. J. Barnett, for \$1,000.00 and has begun to work out the same.

Mr. Henry Clay Lilly, of Clark county, and Mrs. Belle Stephens, of near here, were married in Winchester, Wednesday, August 1st. This is the second marriage for both parties.

Charles B. Barnett, formerly of this place but now of Bloomington, Illinois, is suffering severely from a cancer of the stomach, which is very unwelcome news to his many friends in his old Kentucky home.

Captain George M. Jackson, of Wickliffe, Ballard county, was here Wednesday. Mr. Jackson, formerly of Estill county, is now a believer in Socialist's doctrine and is touring the Eastern part of the State in the new party's interest.

The many friends here of Dr. C. H. Williams, formerly of this place, but now located at Prestonsburg, will be glad to learn that he has just received a large sum of money that was lost by him some time ago in business transactions.

Dr. Williams is a fine physician, a good man and has the best wishes of a large circle of friends here where he successfully practiced medicine for some time.

Bold Robbery.

A woman headed a gang of burglars and, provided with an immense truck, carried away the most valuable part of a New York stock of goods, in the presence of hundreds of people who thought the store was simply moving. It all took place under the glare of the electric lights and the store was brilliantly lighted up by the burglars.

Good luck is like a faultless wife some one else always happens to have it.

Beware of Ointments For Catarrh That Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Don't Like the Jail Sentence.

From Cleveland, Ohio comes the information that fines, and not imprisonment, will be asked by the government against the oil trust for violating the laws.

It would be bad to put Rockefeller in jail. Let a poor man violate the laws of Uncle Sam and see what becomes of him. Such fellows as the Standard oil magnates should never be fined—only keeping them in jail has any terror for them. To fine them is simply to fine the people, for they will add the costs of the fines to the price of the goods and make the people pay it.

Aid for the Trusts.

A judge of the Wisconsin Supreme Court wrote letters to some of the insurance companies telling them how they could evade the anti-rebate law. How can the people expect to get any relief from the extortions of the trusts when we have such a set of men who directly or indirectly, on technicalities, set aside nearly every law regulating the nefarious actions of these greedy fellows, and when they can't annul the law, advise them as to how to evade the laws unfavorable to their interests.

Constitutional Amendment.

Every year there is some constitutional amendment to be voted upon, and none of more importance was ever presented to the voters of the State than the one to be considered this fall bearing on qualification for suffrage. Following is the proposition to be voted upon:

"Section 4. Persons who have not, at least sixty days before the election at which they offer to vote, paid in full state, county, municipal, district and school taxes due by them for the year previous to the one in which they offer to vote, are not hereafter to be allowed to vote."

Some Texas Corn.

Kansas had better look well to her laurels. The old tales of the tall corn, big ears and large yields in the Sunflower State fade into insignificance when compared to the reports from some of the fields here. One of the least tales is that told by D. A. Abernathy. He says one of his neighbors has a field of corn that has grown so tall and rank that the sun can not penetrate it and the lightning bugs keep lighting continually, never knowing when day comes. The ears fallen down on the ground have rotted off the grain, then pulled the soft pith from the center of the cob and made a hiding place in the cob, feeling as secure as if they were in a hollow log.—Miami Texas Chief.

Some of our farmers are turning

their thoughts to the raising of al-

falfa and the Bourbon News has the following concerning a field of the plant raised by A. S. Thompson: "He brought to town Saturday a sample of Alfalfa, having raised eight acres of it and just finished cutting his second crop, the first having been cut June 1st. Another cutting will be made about September 15th. From the three crops Mr. Thompson estimates that he will secure thirty tons of choice hay. As a substitute for red clover he says alfalfa is much superior, producing three times as much per acre, and has all the desirable qualities as a hay product. Stock of all kinds are fond of it, and in the Spring of the year sheep will leave red clover to feed on alfalfa. Mr. Thompson says there is no better fertilizer, as the young plants are deep rooted, and that it is only a question of time when its general cultivation will be taken up by the farmers of Bourbon county."

Dr. Bertram Smith, the "Old Reliable" Powell County Dentist, will be at his Clay City office August 1st and remain one month.

Why patronize beginners when you can get the service of a Dentist of nearly 16 years experience. Clay City has another case of 16 to 1, and Bryan says 16 to 1 is not the issue this year. A word to the wise is sufficient.

It is edited by southern men and women to suit southern conditions, and is just what our farmers need. BEAUTIFY YOUR HOME WITH Kinloch PAINT

READY TO MIX NOT READY MIXED

IMPORTANT MEMORANDUM — The paint is the most important article in painting. A good painter uses the best quality of paint, namely, the pure paint. It is \$1.00 per gallon, \$30.00 per barrel and less per keg. The same paint applied by a doctor (\$20.00) takes \$30.00 per gallon, \$60.00 per barrel.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only.

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge. "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

LOCAL BREVITIES.

We have had some very hot weather this week.

E. N. Wilson has completed his new residence and this week moved to same.

Good rains fell Tuesday and yesterday which gives us assurance of good corn crops this fall.

The apple crop throughout the county this year seems to be one of abundance with a right smart sprinkle of peaches.

W. H. Harrison, an old Confederate veteran, of the Pewee Valley home, is visiting his son, James Harrison, near the city.

Miss Jodela Sams returned to her home at Winchester Tuesday after several weeks visit to her aunt, Mrs. W. R. Cassidy.

The telephone line between this place and Stanton has been completed and the 'phones are being put in operation at the latter place.

Mr. Osborne, of Lexington, a salesman for a large shoe manufacturer, was here yesterday looking after a new location. He was well pleased with Clay City and her business outlook.

A deputy Sheriff from Lee county was in the city yesterday summoning fifty veniremen to go to Beattyville to select a jury from to try the cases of B. F. French, John Alney and John Smith charged with complicity in the assassination of James B. Mareum.

Better be looking after that dog if you don't want to pay a dollars tax on him. September 1st is the date of assessment, no good to dispose of him after that date. We expect at that time to see a number of stray dogs, as but few dogs are worth a dollar to their owner.

Big Bank Failure.

The Milwaukee Avenue State Bank, of Chicago, was Monday closed by a State bank examiner. There is a deficit of about \$1,000,000 in the bank's accounts and the president and cashier are missing. The depositors are mostly foreigners and the announcement of the failure caused riotous scenes around the bank's doors. One depositor fell dead on hearing of the failure and another committed suicide.

Success is beating the other fellows doing things.
